Uni-7 Series

PRICE COMPUTING SCALE
with PRINTER and COLOR TOUCHSCREEN

All kinds of spaces? Uni-fy and Unite

Standardize retail price-computing with the many variations of Ishida's Uni-7 Series

Whether operated from a back room, poised on a deli counter, or suspended somewhere in between, Ishida's Uni-7 is a must for today's modern retail settings. The complete Uni-7 Series showcases models for every station type, each a completely networkable scale base and printer, and each a variation on the same highly functional Uni-7 interface.

Front and center is the Uni-7's sleek titanium appearance and one-of-a-kind color touchscreen. Users can customize the display with their own unique product categories and PLUs. For the most lifelike experience, a tactile sensation and audible tone signals each press of a button. But that's just the beginning. Uni-7 is equipped with a quick-change, front-loading label cassette, and multilingual capability. Easily manage everything from frequent price changes to future meat and nutrition-labeling tasks. Innovation at its best, Ishida's Uni-7 Series is the tool of choice for unifying workspaces everywhere.

Uni-7 Bench and Pole

PRICE-COMPUTING SCALE/PRINTER/COLOR TOUCHSCREEN

A perfect counter-level or bench-top device, this all-in-one scale offers weighing, printing and price computing. Advertise directly to your customers on their own full-color display, housed within the scale itself (bench model) or on an elevated pole.

Quickly change Uni-7's label cassettes from the front, saving time for operators and customers alike.

Uni-7 Hanging

PRICE-COMPUTING SCALE/PRINTER/COLOR TOUCHSCREEN

The only hanging scale on the market with a full-color touchscreen. This space-saving, suspended design cradles product in its bowl-shaped pan. Keypad and display remain at eye level, away from busy work areas or moisture.

Uni-7 Self-Serve

PRICE-COMPUTING SCALE/PRINTER/
COLOR TOUCHSCREEN

Thanks to a simple, customized large-button keypad and pole-mounted color display, self-service applications are more feasible than ever. Customers view images for each PLU and follow instructions to weigh and print labels for their own merchandise.

Aside from each transaction, Uni-7's full-color customer display is also a powerful tool for advertising in-store specials.

Uni-7 Elevated

PRICE-COMPUTING SCALE/PRINTER/COLOR TOUCHSCREEN

Ideal for recessed countertops and similar surfaces, Uni-7's Elevated Type keeps the scale base low while lifting the main controls to a more comfortable level. This model includes both an upper itemized receipt and lower label printer. Full-color customer display is also included at the back of the elevated control panel.
